### Notes:

1. Polythylene Corrugated Thermoplastic Coating Per ICC-ES AC 228
2. Manufactured to have in effect industry recognized written quality control for all materials and manufacturing processes.
3. All welds are to be done by welders certified under section 5.
4. The stability of the surrounding system is a function of many individual elements. Including the capacity of the foundation.
5. The quality of the installation of the pile as the strength of the foundation bracket connection and bracket/placement materials and bending strength.

### Conditions of Use

Conditioning material presented in this document.
